Come share in the Loveland community and
BE INSPIRED!

ABOUT US

Established in 1962, Loveland Center is a 501(c)(3) nonprofit organization serving individuals with intellectual and developmental disabilities. For over 55 years, Loveland has been dedicated to providing each person the opportunity to find their own voice, in turn, creating a platform for them to be seen. Through our educational programs and vocational services, Loveland encourages self-advocacy and strives to develop greater independence for those we serve.
